

PHLEBOTOMY TECHNICIAN SPECIALIST

KNOW THE WHY... MASTER THE HOW.

ALASKA CAREER COLLEGE

Life Changing Career Training for over 30 Years!

Make a difference in the lives of others—choose to become a professional medical assistant or a phlebotomy technician. Use your compassion and skill to help others.

You will learn to be a competent, dependable medical professional with in-depth training and practical, hands-on experience. Students will also receive an HP laptop for use through the program and to keep past graduation.

Earn your diploma and certifications in just 7 months with weekend college classes.
